Rates as low as  
**2.99%** APR<sup>1</sup>

<sup>1</sup>APR=Annual Percentage Rate. Credit Union loans are granted on the basis of credit worthiness, ability to repay and satisfactory collateral. Consumer loan rates, which are subject to change without notice, may vary with respect to your credit history, the model year of the vehicle and the term of the loan. <sup>2</sup>The credit union may match or beat a competitors rate, provided the member gives the credit union the name of the competitor they were approved by and the rate they were promised, provided that the loan officer through their sources can assume that the member would receive the advertised rate. <sup>3</sup>Offer does not apply to vehicles currently financed with Miami Firefighters FCU.
