

Being the NOVEMBER DOG OF THE MONTH is truly an honor for me!

Hi! My name is Duncan. I was born over 18 years ago in Eagan, MN. My mom was a Bichon Frise, and my dad was a very friendly neighborhood Beagle. I went to live with my new parents in Newport when I was 7 weeks old. As a young pup, I loved to bark, play with stuffed animals and attack plastic flower pots.

My life has been quite an adventure. At the age of three, my sister Booboo and my parents and I moved to Brooklyn Park. We found great house with a REAL yard. I was in smell heaven! Then, the trouble began! On three separate occasions, my mom and dad brought home a baby. At first, they were disgusting and boring. However, over the past 14 years my love for them has grown larger than one dog could have hoped for.

My sister Booboo is gone, but I did get a four-legged brother Max to keep the cats busy and away from me. I must say, I have grown quite tired this last year. My family continues to love me and watch out over my health and best interests.
