

Attention Home Branch Plus+ users!

In preparation for our upcoming rollout of Web Billpay (to be called BillPay Plus+) you will notice a change in the way your share/draft checking account number appears on the summary and other screens on Home Branch Plus+.

Currently, if you have a checking account, your account number will appear as 001234-09 (if your account number was 1234). Here is an example (from Home Branch Plus+ account summary):

Share Account	Description	Current Balance	Available Balance
001234	Regular Share Account Var	\$25.00	\$0.00
001234-01	Special Share Account	\$50.00	\$50.00
001234-09	Checking	\$500.00	\$450.00
001234-10	Money Market Plus+	\$10,000.00	\$8,000.00
001234-20	Three Month Certificate	\$5,000.00	\$5,000.00

Once the changes are completed, your checking account number will look exactly as it appears (or should appear) on the bottom of your check book. **NOTE:** This ONLY affects Home Branch Plus+ and BillPay Plus+. This does NOT alter your account number with the Credit Union in any way. When you stop in at one of our branches, you will use the account number and format you have always used.

Note the example below:

Share Account	Description	Current Balance	Available Balance
001234	Regular Share Account Var	\$25.00	\$0.00
001234-01	Special Share Account	\$50.00	\$50.00
001234-10	Money Market Plus+	\$10,000.00	\$8,000.00
001234-20	Three Month Certificate	\$5,000.00	\$5,000.00
090000012346	Checking	\$500.00	\$450.00

Notice that your checking account appears as the last account on the list, and should look just like the number listed on the bottom of your check book.

If you have any questions, feel free to call the Credit Union at 419-625-9025/800-691-9299.
