

## CREDIT UNION CHECKLIST – JUST FOR TEENS!

*As you get older, the time comes for you to take on more responsibility.*

Take a minute to think about the number of products and services you use at the Credit Union. Then think about where you'll be in a year, two years and three years. Can you think of any other financial and banking needs you might require?

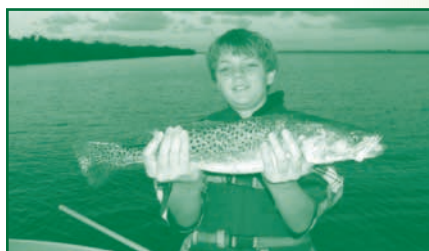

To help you plan your financial success, review the following Credit Union features, and compare them against your current and future needs.

**CHECKING • ATM • DEBIT • CREDIT • LOANS  
HOME BANKING • CLUB ACCOUNTS (HOLIDAY/VACATION)**

The time may be right for you to take on some of these added responsibilities. Be sure to discuss your needs with a family member. Then contact the Credit Union for additional counsel and/or to sign up. Always remember that your Credit Union exists to help you make wise, and exciting, decisions!

## Review your Credit Report...Free!

Whether or not you actually use "credit", you will want to review a copy of your credit report ASAP. Why, you ask?

Even if you haven't signed up for credit cards, don't have loans, or haven't financed any purchases, you may have had your identity stolen. Identity theft is quite common these days, and by reviewing your credit report, you can ensure that someone hasn't used your personal information to open a credit card or finance something.

Credit reports from the three major credit reporting agencies are available to you at no cost. Make a promise to yourself to log on or call one or all of the credit agencies this week to request a copy of your credit report.
