

GENERAL INFORMATION

1. For your convenience, payments may be made at any branch office of First Priority Credit Union or to the mailing address indicated below. Payments made directly at a branch or received at our mailing address by 4 P.M. each business day will be posted as of that day. Payments deposited at an automated teller machine or night deposit box will not be posted until verified.
2. Always include your account number and loan number for correct posting of payment.
3. How the FINANCE CHARGE is calculated:

The FINANCE CHARGE on advances is calculated as follows: The Average Daily Balance is determined on the billing or closing date. To calculate the Average Daily Balance we obtain the loan balance for each day in the billing period on which there is a loan balance by adding all debits and advances and subtracting all payments and credits as they are posted to the account. The daily loan balances are totaled and divided by the number of days in the billing period on which a loan balance was outstanding. First Priority Credit Union multiplies the resulting Average Daily Balance (less any FINANCE CHARGE and late charge included in that balance) by the Daily Periodic Rate shown on the front of this statement, and multiplies the result by the number of days in the billing period on which a loan balance is outstanding.
4. Your monthly or bi-weekly payment must be equal to or greater than the minimum payment amount shown on the front of this statement.
5. This statement is governed by the terms and conditions of the First Priority Credit Union Equity Line of Credit Agreement or by terms and

conditions of the First Priority Credit Union Overdraft Protection Credit Agreement.

6. All transactions received after the closing date will appear on your next statement.
