FOR IMMEDIATE RELEASE:

CDC Federal Credit Union participates in 5-mile walk for March of Dimes

ATLANTA, GA, May 3, 2007---Early Saturday morning, CDC Federal Credit Union (CDC FCU) walkers participated in an effort to raise awareness and money for the March of Dimes' annual WalkAmerica event. The walk consisted of a five-mile radius around Stone Mountain Park. The CDC FCU team raised funds by selling sneaker cutouts and by collecting donations.

March of Dimes is a non-profit organization that leads the highest level of research and care for premature babies around the nation. WalkAmerica, the leading March of Dimes fundraiser, takes place in over 1,100 regions nationally, hosting more than fifty walks within the State of Georgia. Since its beginning in 1970, the walk has raised over \$1.7 billion towards research, new technological developments, educational programs, and advocacy.

"By walking as a corporate team, we eye-witnessed the difference this event made in the lives of others," said Sharon Cook, Vice President of Marketing Services. "Our walkers were truly touched by the event and for us, it wasn't just about getting our name out into the community; it was an act of genuine compassion and humanity."

CDC FCU employees have responded well to the *Because We Care* program and are eager to volunteer and participate in numerous events. In addition to the March of Dimes walk, volunteers are looking forward to supporting other DeKalb County groups like the Special Olympics, Project Open Hand, and Hands on Atlanta within the coming months.

Because We Care is a community-based outreach program built on the standards of growth, compassion, and empowerment. It provides opportunities for volunteers to establish and help with special projects in the North Atlanta area. CDC FCU employs 65 people and is federally insured by the National Credit Union Administration. For further information about CDC FCU, visit our web at www.cdcfcu.com.
