Beware of NCUA Phishing Scam

A fraudulent e-mail seeking credit card information (known as a "phishing fraud") has been circulating nationwide since January 16, 2009. This fraudulent phishing e-mail appears to be from NCUA and contains a link purportedly to obtain a subscription for the NCUA Express Subscription service. When that link is used, the recipient is directed to a "clone" of the NCUA Express Service site that seeks credit card information from those to whom the phish was sent.

If you receive such an e-mail, please ignore it, as it is fraudulent. The NCUA does NOT charge for the Express Subscription service and does NOT solicit credit card information over the Internet. If you have questions or comments, please contact the NCUA Fraud Hotline at 800-827-9650 or, during off duty hours, at 703-728-0700.

Remember that no government or credible corporate institution will ask you to divulge personal information, and do not respond to similar e-mails or offer any personal information.
