By signing above, you authorize United Services FCU to extend your final loan payment by one month. The \$25 processing fee per loan will be automatically deducted from your Share Savings or Draft account unless otherwise noted above. If processing fee is not in your account prior to the requested payment to skip, your request will not be processed. Interest will continue to accumulate on your loan during the month you skip your payment. Deferring your payment will result in you having to pay higher total finance charges than if you made your payment as originally scheduled. If your loan payment is made via payroll deduction, the amount of your deduction will be credited to your share account on the day payroll normally posts. All loan payments must be current on all loans to qualify. Loans must be at least 6 months old.
