

DIRECT DEPOSIT YOUR FEDERAL AND STATE INCOME TAX REFUNDS

Don't wait for your refund checks to come in the mail. The fastest, safest and easiest way to receive your refund is to have it direct deposited to your savings or checking account.

Simply fill in the refund section of your tax return with the credit union's routing number – 211381518 – and your savings or checking account number.

Your refunds will be transmitted directly to your credit union account in much less time than it takes to receive your refund by mail.
