

strong heritage. smart future.

New Policy in Place – For Your Safety & Ours

For security reasons,  
we request

**Hats, Hoods,  
Headgear and  
Sunglasses**

be removed.

Thank you for  
your cooperation.

CSE Federal Credit Union has implemented a "No Hats, No Hoods, No Sunglasses" program in our lobby. CSE has researched and reviewed this policy and at this time decided to act in response to the numerous robberies we've seen around the community.

The simple action of removing your hat, headgear, hood or sunglasses in the lobbies of our credit union will show your support of the community wide effort to provide a safer environment for all financial institutions.

This is just one of a number of security procedures we have in place. Signs and posters have been placed throughout the lobby and we are politely asking members and guest to remove hats, headgear, hoods, and sunglasses.

We want to do everything we can to make our credit union safe for its members and employees.

We truly appreciate your cooperation and understanding of this new policy.
