EVP Shares Message of Security

In our continued efforts to promote the financial stability of our credit union, and credit unions as a whole, Mr. Greg Anderson, Executive Vice President, recently appeared on two local news segments to talk about the credit union and the current financial climate.

Mr. Anderson appeared on WCIA 3's The Morning Show on December 18, 2008, and Illinois Law on December 21, 2008. During both segments Mr. Anderson spoke about the differences between banks and credit, and the benefits of membership.

The U of I Employees Credit Union (UIECU) was founded in 1932, and today serves the University of Illinois community and anyone who lives or works in Champaign County. UIECU is a full-service financial alternative providing checking accounts, investments, low-cost consumer loans, mortgages, and related financial services to its member-owners. As a not-for-profit, member-owned financial cooperative, the U of I Employees Credit Union's goal is to improve the financial lives of its members. The credit union serves more than 36,000 member-owners at its four locations in Champaign-Urbana and on the web at www.uiecu.org.
