Agreement

By signing this application, you understand you are requesting UIECU to pay off these debtors with proceeds from your VISA line of credit. The total value of balance transfers to credit card accounts cannot be more than your available credit line. If the total is more, UIECU may send your creditors either full or partial payment. Allow at least two weeks for processing your request(s). You should continue to make your monthly payments to each creditor until the balance transfer appears as a credit on that account. Finance charges begin accruing on these cash advances from the transaction date without any grace period. Transactions are subject to the terms of this application and your Credit Card Agreement. If the account becomes delinquent, the promotional APR may be converted to the effective default rate. UIECU reserves the right to allocate your payments to balances (including new transactions) with lower APRs first. UIECU reserves the right to refuse any application. Balance transfer offer does not apply to existing UIECU credit lines or loans.

Find current information on rates and terms at www.uiecu.org or call UIECU at 217.278.7700.
