

Hughes Federal Credit Union

Your Credit Score

Your credit score says a lot about you and how well you manage your money. It's important because it can have an positive or negative impact on your financial life.

Do you know your credit score? Most people do not, but it's a good idea to keep track of your credit score. It can range from 380 to 830 and the higher the better. Your credit score can determine the loan rate for which you qualify at most lending institutions.

Hughes Federal Credit Union wants not only to meet your expectations but to exceed them. As part of our continuous effort to make "A Positive Difference in Your Financial Life[®]," we will analyze your credit report for fraud detection and for any score enhancement opportunities.

- Complete the back of this form and bring it to any branch for a FREE Credit Score Analysis.
- Please bring valid picture identification and allow 30 minutes.

We'll provide you with information on how you can improve your credit score and show you how to possibly lower your loan payments.
