

Family Choice Loan Protection

Taking out a loan means one of your dreams is about to come true - buying a new car, boat, or home improvement. But what happens to your dream when the unexpected hits? How can you make sure your family doesn't shoulder the financial burden of making loan payments when you can't?

Visterra CU's Family Choice Loan Protection (VcuFCLP) can cancel your loan payments if you become involuntarily unemployed, sick, or injured. It can also repay your loan, up to the policy maximum, if you become deceased.

Benefits include:

- Immediate enrollment for eligible borrowers
- Fast, easy enrollment
- No medical screening in most cases
- Helps protect your family, collateral, and credit rating
- Convenient – fee can be included in your monthly payment

You can count on VcuFCLP to step in when you and your family need help the most. And that means you can count on your dreams to go on and on - even when your income does not.

We can customize a plan to meet your family's needs, ask us for more information on by contacting us at 888.696.2724.

* This is a summary of our Payment Protection program. Enrollment in the program is voluntary and not required to obtain a loan. VcuFCLP is a debt cancellation product available through Visterra Credit Union. Please contact your Visterra CU loan representative, or refer to the Member Agreement for additional information on benefit maximums, eligibility, and limitations.
