Faster Payments: Customers who report their claims directly to the insurance company toll-free reporting number receive payments up to 4 days faster than customers using other methods.

Immediate Response: You can report your claims 24 hours a day, 365 days a year. You'll never get a busy signal, and you'll always talk to one of the responsive claim professionals.

Value-added Service: Claim's professionals can offer your customers immediate access to auto repair and glass facilities close to your home or office. And repairs are guaranteed.

Customer Care: Customers will be treated with superior care as their trained professionals capture the details of their claim, explain the claim process, and answer any questions.

Emergency Escalation: The carriers after-hours emergency response team can be on site within hours after the report of a serious loss.
