

Bill Pay-e Plus

A feature-rich online bill pay product that meets the needs of the internet savvy consumer.

Features

Multiple payments from one screen.

Pay Bills from Multiple Deposit Accounts. You can experience the flexibility of paying your bills from multiple accounts within your institution.

Person-to-Person Payments (P2P). Send money to anyone with an e-mail address and a U.S. bank account.

Account-to-Account Transfers (A2A). A2A transfers allow you to make inter-bank transfers of funds to personal accounts at other financial institutions.

Payee Categorization. If you have numerous payees, you will find payee categorization an extremely helpful tool. You will have the ability to segment payees by category allowing for a quick reference and easy access when paying bills.

Shortcut. Our shortcut feature pre-loads payments based on the your payment history.

Payment Calendar. A calendar that provides a month-at-a glance of past and pending payments. Pending payments appear on the date they are scheduled to process. Stop or change a payment directly from the calendar.

Schedule, Change or Stop Single and Recurring Payments. We make it convenient to schedule, change or stop single and recurring payments.

Unlimited Payees. You can add unlimited payees to your bill pay account, including payees who do not accept electronic payments. All payees are verified before the first payment is made.

Reminders & Email Options. We provide the ability for you to set reminders to pay bills and to receive email notifications regarding bill pay activity.

Memo and Comment Fields.

Data entered into Memo and Comment fields is stored in history. Information entered in the Memo field will accompany a check payment. You can use the Comment field for electronic payments to make helpful notes on a specific payee, and they are only seen by you.

Security Settings. You have the control to make the rules for your bill pay account. Establish maximum amounts to be paid to any payee, or create a forced change PIN schedule. You can also create a security question that will be required to perform functions such as changing email addresses, adding a new payee, changing account numbers for payees and changing security settings.

Extended Customer Service Hours and Live Chat.

Chat online with a live customer service representative.
