

# Congratulations to eCO's January Teacher of the Month!

Rochelle Calhoun  
Fourth Grade Teacher  
Crumly Chapel Elementary School

eCO CEO Joey Hand presents Mrs. Calhoun her Teacher of the Month award and \$250 Classroom scholarship, along with Principal Harold Gray.

*Mrs. Rochelle Calhoun has been a fourth grade teacher at Crumly Chapel Elementary School for the past eleven years. She is a dedicated and caring teacher who puts her students and their learning first. She is always willing to go above and beyond in order to help those who need assistance. For example, Mrs. Calhoun serves on our continuous improvement plan team, where she shares disaggregated data and drills down information to pinpoint the specific needs of students. She then serves as a tutor for our after-school program, assisting the students who have been identified as struggling. If a student is not able to attend due to transportation, Mrs. Calhoun makes arrangements with the child's parents to drive the student home personally. This commitment to a quality education for all students is one reason our school has exceeded its adequate yearly progress goals.*

*Mrs. Calhoun is well respected by her peers. Because she embodies professionalism and exemplary work ethics, she received the "Second Mile Teacher" award this past year from our faculty and staff.*

*It is for the above reasons that I would like to nominate Mrs. Rochelle Calhoun for eCO Credit Union's Teacher of the Month. - Nominated by Donna Page, Co-Worker*
